

Department of Electronics and Communication Engineering
National Institute of Technology Silchar, Silchar, Assam, India
M. Tech. in RF and Terahertz Communications

Programme Outcomes (POs)

- PO1:** Acquire in-depth knowledge of RF and Terahertz with an ability to analyze, synthesize, evaluate present and new technologies.
- PO2:** Learn and apply modern engineering tools to solve complex engineering problems.
- PO3:** Engage in life-long learning independently, to contribute for multidisciplinary research work.
- PO4:** Independently carry out research/investigation and development work to solve practical problems.
- PO5:** Write and present a substantial technical report/document.
- PO6:** Demonstrate a degree of mastery over the area Radio Frequency and Terahertz Communication. The mastery would be at a higher than the requirements in the appropriate bachelor program.
